Old Business:

1. Gordon presented the Town of Manchester contract for review. Will have lawyer look at it then forward it to the Town of Manchester.

New Business:

Gordon Eddington Report:

1. Ran Belt press/composting solids
2. Residents are taking compost on a regular basis
3. Ordered surge protection device for main pump station VFD's
4. Friendly Village Park had a sewer backup on Sunday May 3<sup>rd</sup>. We were called out to investigate if problem was being caused by our pump station. I met Bill DeVinny and we pulled the trash rack at the station to see if it was causing a backup. This was not the problem. Checked the manholes in the park and found several that were backed up. Determined that the problem was a plugged sewer main in the park. Park officials contacted a contractor to dig and repair problem.
5. Bill is on sick leave until sometime in June.
6. Annual testing of RPZ (backflow prevention) units was completed. Units at main plant as well as pump stations tested OK. We are in the process of replacing test cocks and a faulty valve on one of the units at the main plant.
7. Routine operation and maintenance.

Gordon will get more information and pricing on a Sewer Cleaning Machine, plus financing optionsl available.

The meeting was adjourned at 3:26 p.m. on motion by Mayor Mink and seconded by Trustee Trimm.

Respectfully,

Sandra J. Liberty  
Deputy Village Clerk/Deputy Joint Sewer Clerk
